LUNAR HAIR CARE

"For centuries humans have followed the moon's cycles to determine when to plant and harvest crops; planting during a particular lunar cycle determines what the crop will yield, and often how much it will yield. This same practice can be applied to your hair. It's called **Lunar Hair Care!**"

Mr. Anthony Morrocco, Holistic Hair Shaman

The Reverence Design Team is proud to fuse the harmony of the universe in sync with the manner which we care for and design hair, skin and nails.
